10	Holstein-Friesian pedigree empty in-milk cows
19	Holstein-Friesian pedigree in-calf heifers
17	Holstein-Friesian pedigree rising one year heifers
133	Head

Lepto Vaccinated.

TB Status C10

Conditions of Sale

The following special conditions apply to this sale where applicable:

FEMALE GUARANTEES:

1. Every female shown as bred on a certain date, except any which may have been served within six weeks of sale, is guaranteed in-calf. This guarantee expires 28 days from the sale date.
2. Where a sale catalogue specifies a calving date and the resultant calf is not acceptable for registration by the MINDA service of the Livestock Improvement Corporation (LIC) or by the relevant Breed Society because the calf is born eleven days or more either side of the specified calving date and the paternity is not able to be verified the seller shall refund 25% of the purchase price plus GST direct to the buyer.
   This clause 2 does not apply if the sale catalogue states that a bull was pastured after AB ceased.
3. Where a veterinary certificate is supplied at the date of sale certifying the female as being in-calf, no further liability will fall on the seller subject to liability under the other clauses contained in the Conditions of Sale. The buyer has the right to retest at their own expense before delivery is made from the place of sale.
4. Where a female is offered for sale as being in-calf, without a supporting veterinary certificate and the female is subsequently proved to be empty, the buyer has the right to return the female or carry out such disposal as the seller may instruct and the seller will refund direct to the buyer the purchase price plus the return transport costs.
5. Cows sold as not in-calf at the time of sale, shall be sold with a guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the cow fail to produce a calf by the 31 December 2022, the seller shall refund in full the purchase price direct to the buyer.
6. Yearling heifers sold as unmated are sold with the guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the heifer fail to produce a calf by the 31 December 2022, the seller shall refund in full the purchase price direct to the buyer.
7. Where females are sold as not in calf, (including yearlings and calves), are flushed for embryo transfer, either with or without success, all guarantees to breed become null and void.
8. Where any female sold as being in-calf proves to be carrying a mummified calf, no liability will fall on the seller.
9. Any animal which is sold as in-calf but subsequently aborts the foetus after delivery is the responsibility of the buyer and no liability will fall on the seller.
10. Any claim to the auctioneers must be accompanied by a veterinary certificate.

GENERAL CONDITIONS:

DELIVERY: Each lot shall, immediately on the fall of the hammer, be at the risk of the buyer.

INSURANCE: If transit or annual insurance is required, such cover can be arranged through the auctioneers.

INSTRUCTIONS: Buyers must sign dockets before leaving the sale and leave full delivery instructions.

TRANSFERS: Sellers are responsible for the completion of transfers. No buyers shall be entitled to withhold payments for stock pending delivery by the seller of the relevant breed society transfer certificate or LIC Animal Location Transfer Certificate.

CATTLE FOR EXPORT: All stock sold for export are to be inspected by Official Inspectors of the Breed Society concerned prior to Export Certificates being granted for such stock. The seller is responsible for the 15% commission payable on all cattle sold for export.

PAYMENT TERMS: Payment 14 days after date of sale.

VENDOR FOREWORD

We are proud to offer the elite portion of our herd for public auction, having sold the balance as a herd. With a herd code of CMW you can understand that there have been many years of breeding and recording behind these animals.

In 1998 the birth of Royson HSS Priscilla S2F EXC and Royson HSS Cleopatra SOF VG89 started the Royson stud. Contracts with CRV has resulted with the bulls Pamment and Phonic being marketed to New Zealand dairy farmers. Their strengths being low live weight and high components. There are further bulls awaiting proofs with both CRV and LIC.

Our breeding philosophy has been to breed an animal for the New Zealand system with good type and components with high focus on udders, capacity, temperament and protein/fat BV's.

This breeding philosophy has led to more families being produced, and continued interest from both CRV and LIC in working with the animals, with many having current contracts and future interest.

We know that our animals will shift well and hopefully the new owners get as much pleasure from them as we have.

Eddie and Kath Lambert

AUCTIONEER'S FOREWORD

The sale of this genetically high profile herd of very good conformation cows and selected replacements is brought about by our vendors selling their farm to have a change of lifestyle. Having sold several portions of the farm at various times over the last few years the final portion is sold for delivery at the end of May 2021.

With no family wishing to continue farming the Lambert stewardship of the farm ceases after nearly 70 years. The Holstein-Friesian herd has been bred up since the 1960's and is at a high standard. The old adage – sell at the peak, not on the way down applies in this instance. With the reduction in land area the herd has also reduced from 370 to today's 210 cows and the calving of 70 cows in the autumn also changed to solely spring calving.

Production peaked in the 500kgs milk solids vicinity but over the last few seasons with little maize and hay only fed the herd average has been in the range of 400 – 430kgs milk solids from grass. To the end of February 2021 the 210 cows have averaged 380kgs milk solids.

During the last two seasons all young stock have been grazed at home.

A large portion of the herd and replacements have been sold with only the very highest genetic animals retained for this "Elite Sale".

This undoubtedly would be among the highest indiced herd of Holstein-Friesians to be offered for sale this season.

Many females (31) carry contract calves and also have interest from CRV and the LIC for future matings. CRV have had a large input in to the breeding of this herd and have taken many young sires in recent times. Several 'Royson' sires are actively being marketed by CRV and the LIC. Many more will be bred and marketed from females sold out of this sale.

Be sure to study the list of potential bull dams being marketed in this sale. It is an impressive number from one herd.

Several females have been sold in selected breed sales over the last few years and have given their new purchasers much satisfaction.

On inspection purchasers will find a very nice quality, good uddered herd of medium stature cows that have the bone and genetics to produce and breed well. This sale is recommended to all breed and dairy enthusiasts.

The Auctioneers

CONTRACT MATINGS

The following cows, in-calf heifers and yearling heifers carry contracts with calves due to be born spring 2021 and/or have interest from AB companies for spring 2021 matings.

OSH

Every effort will be taken by the Vendors, Auctioneers, their staff and assistants, both on the day of the sale as well as on any other visits of inspection to ensure the safety of intending buyers and visitors.

However we wish to advise that this is a farm run under normal management conditions and certain dangers exist in relation to livestock and their environment.

Visitors should take all care to ensure their personal safety.

DISCLAIMER:

All details and descriptions as to stock referred to in this catalogue or otherwise provided by the auctioneers ("sales information") have been supplied by the Seller and have not been independently verified by 'The Auctioneers'. 'The Auctioneers' and their employees make no representations or warranties or acknowledgement of any kind whatsoever in relation to any part of the sales information (including, but not limited to the accuracy or completeness of details and descriptions of stock and other contents).

Buyers, advisers and all other persons viewing or dealing with the stock must make their own assessment and judgment on the stock and sales information.

'The Auctioneers' are not responsible or liable in any way whatsoever, whether in contract, tort (including negligence), or otherwise, to any person for any loss or damage whatsoever arising directly or indirectly from any information or representation included in or omitted from.

ATTENTION:

Under the Health and Safety in Employment Act 1992, we wish to bring to your attention your responsibilities while attending this on-farm sale. You are in a multi-hazard area and are requested to observe the following rules:

- All children under the age of 16 must be accompanied and under the supervision of an adult
- You are not to enter any yards, pens or races where stock are being moved or held
- Keep to the walkways or within the flagged areas provided
- Report any accident to the site office
- If you see anything unsafe, report it to the site office

The auctioneer has overall control of this site, and will ask you to leave if the above rules are not followed.

IN-CALF HEIFER MATING DETAILS

The 19 sale heifers were all synchronised and mated to AB as shown on the 3GP's.

They were then pastured with Jersey bulls until the 25/12/20.

All heifers were vetted in calf early but we do not guarantee them in-calf to AB.

Three Generation Pedigree
