TARANAKI HOLSTEIN FRIESIAN BRANCH
COMBINED BREEDERS SALE

Taranaki HOLSTEINS
When Only the Best will do!

TUESDAY 7 APRIL 2020 | SALE 12 NOON

VENUE - GARY & KAREN PETERS' PROPERTY

50 Denbigh Road, Midhirst, Stratford

Foreword

The Taranaki Combined Breeders are keen to build on the success of previous sales.

It has been tempting to accept the very good money offered by the export companies for yearlings and heifers this season. But the vendors unanimously agree the market has provided an opportunity for all breeders to export their surplus heifers and reinvest in quality breeding stock.

Here is a nice catalogue of well bred, soundly backed females for buyer perusal.

Several of the families represented have become household names, having won national awards for type, production and reproduction. There are only a small number of sales this year, so here is the purchasers' opportunity.

Once again thanks to Gary and Karen Peters for hosting this year's sale.

The auctioneers

Rock View Foreword

The in-calf heifers have all had an opportunity to calve to AB, otherwise they have been run with Red Devon bulls. Our herd is: TB Status C10; Lepto/BVD vaccinated and Mycoplasmas Bovis clear. Thanks for coming along for the day

Gary & Karen Peters

Muritai Foreword

Welcome to the Taranaki Branch Sale 2020. The Muritai heifers are a selection from our 2018 born, in-calf group, along with some rising one-year-old 2019 born heifers. The herd is C10 TB accredited, Mycoplasmas Bovis Not Detected milk tested, Lepto/BVD vaccinated and scanned pregnant 5 February 2020. Run with a pedigree Speckle Park bull after AB mating until 1 January 2020. We wish purchasers every success.

Wayne & Leeanne Taylor

Makuri Gold Prism – sire of Lot 25 & 26

I regard Gold Prism as a once-in-a-lifetime true breeder's bull. He really stamps his daughters for type. They are correct, black and silky. Last season he was the sire of three EX four-year olds in my herd and others are having similar success from young cows purchased in our 2018 Reduction Sale. A Prism daughter, Makuri Prism Twitch, owned by Gary and Karen Peters, won four-year-old class in the Taranaki Semex On Farm Competition this year.

By the homebred sire Hogan. Hogan's dam Makuri Sam Holly EX was a feature cow in the herd in her day. A no nonsense very correct cow that was very successful in the show ring and a 10,000L production record to her credit. Hogan has an excellent classified full sister. Hogan Patsy descends from the very prolific Painui Nero Pandora EX family. Plenty of capacity in this heifer's pedigree.
Pastured with Murray Grey bulls from 22/10/19 to 29/12/19. Pregnancy tested in-calf on 6 March 2020.

Pameta is the first daughter to be offered from Deloraine Wind Pamela VG89. Pamela was purchased in partnership with Ian McCormack for $16,000 as an in-calf heifer. Wind Pamela had a difficult calving as a two-year-old. She went on to win the All New Zealand Semex On Farm Competition that year and then repeated that achievement as a four-year-old. Pamela's dam Deloraine Sam Phebe has also won the All NZ Semex On Farm Competition in her age group twice. Since then she has been on a successful IVF programme at ABS. Pameta is a lovely heifer... a real character.

Prism Silk's grand dam is sister to Makuri Duplex Satin EX. She sold for $11,000 in our reduction sale. Her dam fell in the cowshed this season and has been on once a day for a while. Nice pedigree. Halter trained by Neko McDonald at this year's National All Dairy Breeds Youth Camp.

Prism Patsy is a lovely deep bodied calf that should grow out very well. She is from the very prolific Mahoe Div Paradise family. This family has many outstanding cows in my herd.

We really like our Doormans, so thought we'd give this Doorman son a try - 'All Nure Twizzle'. The dam of this calf is a Manifold and we've had great production results from our Manifolds over the years, so this calf has the potential to be a good 'all-rounder'.
