THE SEMEX DIFFERENCE

Auctioneers Notes

The Bushview Holstein Partnership herd dispersal marks 30 plus years of considered and passionate Holstein breeding. Emphasis has always been put on cow families, conformation and production. Herd production has averaged over 500kgms/cow for several seasons now and was 570kgms/cow last season.

Jo has moved the herd forward again in her two years as owner/manager. It is a credit to her that the cows are a very quiet easy milking dairy herd.

After viewing the herd in the previous month's, I

have been hugely impressed with the quality and consistency shown throughout. The combination of production and type has been evident and I'm sure all purchasers who are looking for cows to go on and perform in their own herd will be equally as impressed.

This sale gives the opportunity for those in quest for show animals, production cows or breeding cows, a quality offering that is recommended to all Holstein Friesian enthusiasts.

Forward

Welcome to the Bushview Holstein Partnership dispersal sale. The pending sale of the property brings about the decision to disperse all the cows and young stock. The herd was originally due to be dispersed in 2020 but the sale was cancelled due to Covid-19 lockdown conditions.

Due to Ian's illness and Covid-19 uncertainty, the decision was made to lease the farm out. The pick of the cows and young stock were purchased by the Bushview Holstein Partnership and farmed for the last 2 seasons on the property. The original Bushview herd was established in the late 80's.

Developing strong cow families had been the main focus of the breeding plan. Early purchases were made from "Snowline" and other prominent local dispersals. More recently, families from both "Painui" and "Tahora" had been added.

Adding to the core group of Bushview cows were some favorite's from Dornview and a few cows from Makuri and Tahora Holsteins respectively. The Dornview content have excelled on the property. These were the favorite's retained after their herd was sold in 2020. There are several high production and high index cows in this group.

MATING DETAILS

The in-calf heifers were mated to jersey bulls from 18 October 2021 until 30 December 2021. Carryover cows were run with Makuri Prism Beau (DGLT 19-28) from 18 October 2021 to 25 November 2021 and then Bushview MVP Bentley (THVR 20-50) from 25 November 2021 to 30 December 2021. Makuri Gold Patriot (DGLT 19-19), Makuri Prism Beau (DGLT 19-28) and a red hereford were run with the milking herd from 22 November 2021 until 20 December 2021.

PURCHASERS PLEASE NOTE

Make sure you know or have your **NAIT number** available at the sale to enable easy transfer through the NAIT system

Any in-calf cows travelling a distance will be dried off and dry cow therapy treated if required. Please inform the auctioneers or advise the clerk when signing your purchase dockets. Locally purchased cows will be trucked milked out.

Another lovely young Mogul from Makuri Prism Satin (Ex). I really like all my Moguls this year. He's thrown very consistent daughters who will keep getting better. Scanned in-calf early to Sandy-Valley Pharo.

Will probably be top 2yr old this year. Mogul has done a great job on this young cow. Her dam was a big producer at Dornview. Shes lovely and quiet like her dam.

Wanda is only being sold as she no longer fits in our cow shed. Wanda won the 2yr old Semex on farm for the Taranaki region. She was our top 2yr old on our 420 cow high altitude system 3 farm. She is a carry over at the moment as she lost her pregnancy at the 2020 royal show in Stratford she has been scanned in-calf to mogul or sexed chief.

OSH

Every effort will be taken by the Vendors, Auctioneers, their staff and assistants, both on the day of the sale as well as on any other visits of inspection to ensure the safety of intending buyers and visitors.

However, we advise that this is an operating dairy farm run under normal management conditions and certain dangers exist in relation to livestock and their environment.

Visitors should take all care to ensure their personal safety.

Disclaimer

All details and description as to stock referred to in this catalogue or otherwise provided by the auctioneers ("sale information") have been supplied by the Vendor and have not been independently verified by Carrfields Livestock Ltd (the Auctioneers). The Auctioneers and their employees make no representations or warranties or acknowledgement of any kind whatsoever in relation to any part of the sale information (including but not limited to the accuracy or completeness of details and descriptions of stock and other contents).

Buyers, advisors and all other persons viewing or dealing with the stock must make their own assessment and judgement on the stock and sales information.

The Auctioneers are not responsible or liable in any way whatsoever, whether in contract, tort (including negligence), or otherwise, to any person for any loss or damage whatsoever arising directly or indirectly from any information or representation included in or omitted from.

Attention

Under the Health and Safety in Employment Act 1992, we wish to bring to your attention your responsibilities while attending this on-farm sale. You are in a multi-hazard area and are requested to observe the following rules:

- All children under the age of 16 years must be accompanied by and under the supervision of an adult.
- You are not to enter any yards, pens or races where stock are being moved or held.
- Keep to the walkways or flagged areas as provided.
- Report any accident to the site office
- If you see anything unsafe, report it to the site office.

The Auctioneer has overall control of this site and will ask you to leave if the above rules are not followed.
