# Forward

Well, its time to step back from the front row and help the coach. Breeding Holsteins is as exciting as ever especially with the use of genomics.

Rivendell Holsteins has embraced the use of genomics to meet the objective of breeding efficient feed convertors to milk with all the associated health traits.

Nothing new here, but genomics enables this goal to be achieved quicker, with greater accuracy and reliability. Rivendell Holsteins tests all new born animals through Genetic Visions-ST receiving a full USA CDCB genomic profile. USA genomics are based on about one million animals in both the reference and verification populations consequently the results are around 80% reliable.

The animals then go through the next filter of NZ indexes and finally a look at the cow family. After this those that don't pass go for a cruise, the rest are kept at Rivendell and represented in this sale catalogue. 40 of the top 50 Net Merit animals in NZ (August 2022) are at Rivendell.

Every animal here has a story. Great cow families are at the heart of successful breeding and the females presented here for sale are from cow families that have proven to be at the top performance level at Rivendell and elsewhere. Special mention

must be made of the influence the descendants of Regancrest-PR Barbie EX92 have had at Rivendell with 12 females from this family offered for sale here.

We have utmost confidence in the animals for sale and are excited about these genetics being developed in a variety of ways by Holstein-Friesian breeders in New Zealand.

All the best for your future breeding.

**Owen & Cathy Copinga**

#### Genomic references

CFP: Combined Fat and Protein

DPR: Daughter Pregnancy Rate

NM: Net Merit

PTAT: Predicted Transmitting Ability for Type

UDC: Udder Composite Index

*For more information on genomic values visit:  
[www.wwsires.com/resources](http://www.wwsires.com/resources)*

Capacious cows with great udders are a feature when you walk through the herd at Rivendell. When you look deeper into the pedigrees it shows generations of cow families doing great production over many lactations.

The purchase of embryos from some top international proven bloodlines has been a positive influence in the breeding program at Rivendell with some top individual standout's within the herd.

I often hear when talking to breeders - Genomics are the future - especially with the genetic pool that have been getting tested in North America for many years.

Owen has certainly been at the forefront of the genomic users in NZ with the herd benefiting from the early use of these young sires.

This is a unique opportunity to purchase animals with high component BVs for protein and fat combined with top conformation that on genomics are amongst the top in the country .

PGG Wrightson would like to thank Owen & Cathy for entrusting us with their First Stage Dispersal Sale.

## bidr® Registration

This sale will be hosted by bidr® ([www.bidr.co.nz](http://www.bidr.co.nz)) with online bidding only on sale day. All intending ONLINE purchasers must register on bidr® in advance of the sale date, by visiting the website and using the "sign up" button, adding their contact information and nominating the agency they would like to purchase through and account held with that agency.

Alternatively, purchasers can organise an agent from one of the agencies listed on bidr® to buy on their behalf.

The bidr® team is always available to help purchasers get signed up and registered, and the HelpDesk is proudly managed

in-house from the Waikato. Please call 0800 10 BIDR (0800 862437), or email [enquiries@bidr.co.nz](mailto:enquiries@bidr.co.nz) for assistance at any point. Alternatively, contact your local bidr® representative:

**National, Lower NI: Caitlin Rokela (027 405 6156)**

**Upper NI: Liam Beattie (021 918 554)**

**Upper SI: Bianca Murch (027 732 0006)**

**Lower SI: Sam Murphy (027 243 2736)**

# Conditions of Sale

The following special conditions apply to this sale where applicable:

## FEMALE GUARANTEES:

1. Every female shown as bred on a certain date, except any which may have been served within six weeks of sale, is guaranteed in-calf. This guarantee expires 28 days from the sale date.
2. Where a sale catalogue specifies a calving date and the resultant calf is not acceptable for registration by the MINDA service of the Livestock Improvement Corporation (LIC) or by the relevant Breed Society because the calf is born eleven days or more either side of the specified calving date and the paternity is not able to be verified the seller shall refund 25% of the purchase price plus GST direct to the buyer.
3. This clause 2 does not apply if the sale catalogue states that a bull was pastured after AB ceased.
4. Where a veterinary certificate is supplied at the date of sale certifying the female as being in-calf, no further liability will fall on the seller subject to liability under the other clauses contained in the Conditions of Sale. The buyer has the right to retest at their own expense before delivery is made from the place of sale. Where a female is offered for sale as being in-calf, without a supporting veterinary certificate and the female is subsequently proved to be empty, the buyer has the right to return the female or carry out such disposal as the seller may instruct and the seller will refund direct to the buyer the purchase price plus the return transport costs.
5. Cows sold as not in-calf at the time of sale, shall be sold with a guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the cow fail to produce a calf by the 31 December 2023, the seller shall refund in full the purchase price direct to the buyer.
6. Yearling heifers sold as unmated are sold with the guarantee to

breed. The term breed shall constitute producing a calf, dead or alive. Should the heifer fail to produce a calf by the 31 December 2023, the seller shall refund in full the purchase price direct to the buyer.

7. Where females are sold as not in calf, (including yearlings and calves), are flushed for embryo transfer, either with or without success, all guarantees to breed become null and void.
8. Where any female sold as being in-calf proves to be carrying a mummified calf, no liability will fall on the seller.
9. Any animal which is sold as in-calf but subsequently aborts the foetus after delivery is the responsibility of the buyer and no liability will fall on the seller.
10. Any claim to the auctioneers must be accompanied by a veterinary certificate.

## GENERAL CONDITIONS:

**DELIVERY:** Each lot shall, immediately on the fall of the hammer, be at the risk of the buyer.

**INSURANCE:** If transit or annual insurance is required, such cover can be arranged through the auctioneers.

**INSTRUCTIONS:** Buyers must sign dockets before leaving the sale and leave full delivery instructions.

**TRANSFERS:** Sellers are responsible for the completion of transfers. No buyers shall be entitled to withhold payments for stock pending delivery by the seller of the relevant breed society transfer certificate or LIC Animal Location Transfer Certificate.

**CATTLE FOR EXPORT:** All stock sold for export are to be inspected by Official Inspectors of the Breed Society concerned prior to Export Certificates being granted for such stock. The seller is responsible for the 15% commission payable on all cattle sold for export.

**PAYMENT TERMS:** Payment 25 October 2022.

**Free delivery as far as the Waikato.**

## OSH

Every effort will be taken by the Vendors, Auctioneers, their staff and assistants, both on the day of the sale as well as on any other visits of inspection to ensure the safety of intending buyers and visitors.

However, we advise that this is an operating dairy farm run under normal management conditions and certain dangers exist in relation to livestock and their environment.

Visitors should take all care to ensure their personal safety.

## DISCLAIMER

All details and descriptions as to stock referred to in this catalogue or otherwise provided by the auctioneer or any other company employee or agent ("sales information") have been supplied by the Seller and have not been independently verified by the selling companies. The selling companies, their employees and agents make no representations or warranties or acknowledgement of any kind whatsoever in relation to any part of the sales information (including, but not limited to the accuracy or completeness of details and descriptions of stock and other contents).

Buyers, advisers and all other persons viewing or dealing with the stock must make their own assessment and judgement on the stock and sales information.

The selling companies, its employees and agents are not responsible or liable in any way whatsoever, whether in contract, tort (including negligence), or otherwise, to any person for any loss or damage whatsoever arising directly or indirectly from any information or representation included in or omitted from.

## ATTENTION

Under the Health and Safety at Work Act 2015, we wish to bring to your attention your responsibilities while attending this on-farm sale. You are in a multi-hazard area and are requested to observe the following rules:

- All children under the age of 16 must be accompanied and under the supervision of an adult
- You are not to enter any yards, pens or races where stock are being moved or held
- Keep to the walkways or within the flagged areas provided
- Report any accident to the site office
- If you see anything unsafe, report it to the site office
- Follow the directions of the Auctioneer and selling Companies at all times.

The auctioneer has overall control of this site, and will ask you to leave if the above rules are not followed.

**As a five-year-old Martha's production of 747kgMS only good enough for -124LW. It's a tough herd to be in! Descends from Llangower Celsius Mary EX2 the international cow family of Magley and Long-Langs Oman Oman. Great influence on our herd.**

The Solomon dam of Blaise is a better cow than her heifer classification indicates and we will see in March when she calves again (sexed Bangkok) third dam Brevia died at calving, her dam was Gold Bretta Ex then Throne Brandi and Barbie. Blaise has great type summary as you expect from this pedigree. PTAT 1.35.

The start of this cow family was a purchase from Raedan Jackson of Topeka Peter Salad VG and what a great cow family she is. The Modesto daughters are fantastic, might all end up EX. Sandy will produce, CFP 122.
