Foreword

This sale has become an occasion keenly awaited by the 'Next Generation' as they make their way in the world of breeding and showing dairy animals of all breeds.

The initiative to create this sale and the subsequent show classes has been a huge success and every year brings much anticipation and excitement among young enthusiasts. The success it has achieved was not foreseen by the initial committee who set it all in motion. Congratulations and good luck to those exhibitors who will return with previous sale purchases to this year's Waikato show.

This sale catalogue contains many lots that will be stars of the future. Select wisely and have much enjoyment.

2. Where a sale catalogue specifies a calving date and the resultant calf is not acceptable for registration by the MINDA service of the Livestock Improvement Corporation (LIC) or by the relevant Breed Society because the calf is born eleven days or more either side of the specified calving date and the paternity is not able to be verified the seller shall refund 25% of the purchase price plus GST direct to the buyer.
This clause 2 does not apply if the sale catalogue states that a bull was pastured after AB ceased.

Where a veterinary certificate is supplied at the date of sale certifying the female as being in-calf, no further liability will fall on the seller subject to liability under the other clauses contained in the Conditions of Sale. The buyer has the right to retest at their own expense before delivery is made from the place of sale.
4. Where a female is offered for sale as being in-calf, without a supporting veterinary certificate and the female is subsequently proved to be empty, the buyer has the right to return the female or carry out such disposal as the seller may instruct and the seller will refund direct to the buyer the purchase price plus the return transport costs.
5. Cows sold as not in-calf at the time of sale, shall be sold with a guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the cow fail to produce a calf by the 31 December 2022, the seller shall refund in full the purchase price direct to the buyer.
6. Heifer calves are sold with a guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the heifer fail to produce a calf by the 31 December 2023, the seller shall refund in full the purchase price direct to the buyer.
7. Where females are sold as not in calf, (including yearlings and calves), are flushed for embryo transfer, either with or without success, all guarantees to breed become null and void.
8. Where any female sold as being in-calf proves to be carrying a mummified calf, no liability will fall on the seller.
9. Any animal which is sold as in-calf but subsequently aborts the foetus after delivery is the responsibility of the buyer and no liability will fall on the seller.
10. Any claim to the auctioneers must be accompanied by a veterinary certificate.

GENERAL CONDITIONS:

DELIVERY: Each lot shall, immediately on the fall of the hammer, be at the risk of the buyer.

INSURANCE: If transit or annual insurance is required, such cover can be arranged through the auctioneers.

INSTRUCTIONS: Buyers must sign dockets before leaving the sale and leave full delivery instructions.

Donald's Farm is pleased to offer this polled calf.

Donald Pearson's vision was to encourage youth into dairy farming and he enjoyed farming with his Milking Shorthorn cows. Midge is from a cow purchased from Ross and Joanne Soffe. The great great grandam is the much admired Cloverdale Majic. We hope that Midge provides a young person an opportunity to develop an interest in Milking Shorthorns.
