Conditions of Sale

The following special conditions apply to this sale where applicable:

FEMALE GUARANTEES:

1. Every female shown as bred on a certain date, except any which may have been served within six weeks of sale, is guaranteed in-calf. This guarantee expires 28 days from the sale date.
2. Where a sale catalogue specifies a calving date and the resultant calf is not acceptable for registration by the MINDA service of the Livestock Improvement Corporation (LIC) or by the relevant Breed Society because the calf is born eleven days or more either side of the specified calving date and the paternity is not able to be verified the seller shall refund 25% of the purchase price plus GST direct to the buyer.
3. This clause 2 does not apply if the sale catalogue states that a bull was pastured after AB ceased.
4. Where a veterinary certificate is supplied at the date of sale certifying the female as being in-calf, no further liability will fall on the seller subject to liability under the other clauses contained in the Conditions of Sale. The buyer has the right to retest at their own expense before delivery is made from the place of sale. Where a female is offered for sale as being in-calf, without a supporting veterinary certificate and the female is subsequently proved to be empty, the buyer has the right to return the female or carry out such disposal as the seller may instruct and the seller will refund direct to the buyer the purchase price plus the return transport costs.
5. Cows sold as not in-calf at the time of sale, shall be sold with a guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the cow fail to produce a calf by the 31 December 2024, the seller shall refund in full the purchase price direct to the buyer.
6. Yearling heifers sold as unmated are sold with the guarantee to

breed. The term breed shall constitute producing a calf, dead or alive. Should the heifer fail to produce a calf by the 31 December 2024, the seller shall refund in full the purchase price direct to the buyer.

7. Where females are sold as not in calf, (including yearlings and calves), are flushed for embryo transfer, either with or without success, all guarantees to breed become null and void.
8. Where any female sold as being in-calf proves to be carrying a mummified calf, no liability will fall on the seller.
9. Any animal which is sold as in-calf but subsequently aborts the foetus after delivery is the responsibility of the buyer and no liability will fall on the seller.
10. Any claim to the auctioneers must be accompanied by a veterinary certificate.

GENERAL CONDITIONS:

DELIVERY: Each lot shall, immediately on the fall of the hammer, be at the risk of the buyer.

INSURANCE: If transit or annual insurance is required, such cover can be arranged through the auctioneers.

INSTRUCTIONS: Buyers must sign dockets before leaving the sale and leave full delivery instructions.

TRANSFERS: Sellers are responsible for the completion of transfers. No buyers shall be entitled to withhold payments for stock pending delivery by the seller of the relevant breed society transfer certificate or LIC Animal Location Transfer Certificate.

PAYMENT TERMS: Payment 14 days after date of sale.

PGW's Terms of Sale apply to this sale. When proceeds are credited or a purchase is debited to a PGW monthly credit account, then PGW's Monthly Account Terms of Trade (as amended from time to time) apply to the extent deemed relevant by PGW.

Foreword

VENDOR'S FOREWORD

HERD

My father always told me that a good cow was not a bad colour. However if it was a red roan or blue roan, it had a big advantage. Our breeding goal is the same as the Holstein Friesians, i.e. moderate sized production cows with good udders. However, on the odd occasion, animals have been reared due to their unusual colors. And so you will find in this catalogue a few animals by natural matings but having lovely markings. It is pleasing that they still exhibit the good udders and production as well. We are a system two farm with in-shed feeding and maize fed in the paddock through the Summer/Autumn period.

MILKING SHORTHORNS

These are going to be hard see these go as they were the passion of my father, Ken Baker. He imported Illawarra embryo's from the Panorama Angeline 8 family that lifted the type of our Milking Shorthorn's very quickly. Bekay Blitz Angelo was used extensively, and the Grandson of Bekay Blitz Angeline (Westell Carbo Arlo) has been used recently. Dad was also very good at purchasing cows in New Zealand that established good families at Westell. One of his best purchases was from Red Cow Farms - Brecon Gth Somerset S0S. She was consistently one of the top cows of any breed in the herd. We have used her son Westell Butternut Samson across a few of our cows and like the results to date. Westell Carbo Sami has given us so much fun in the show ring as did her Grandam -Westell Empire Shelly.

JERSEYS

These are tough girls that compete with the Holsteins well. We have only really been breeding them for a short time compared to the other breeds but very happy with their type and production.

AUCTIONEER'S FOREWORD

PGG Wrightson have had a long affiliation with the Harker and Baker families and feel extremely privileged to be involved in both the Holstein Friesian (14 April) and Other Breeds (27 April) dispersal sales.

The passion of owning, breeding, and farming quality dairy cows with great udders is definitely a genetic trait, with one of my first memories after becoming a livestock agent (23 years ago) was of Wendy's father Ken consistently/weekly bringing in a line of in milk cows/heifers to Morrinsville sale with perfect udders and always sold with a guarantee. He had a great eye for stock and the apple didn't fall far from the tree with Wendy.

David and Wendy's Westell Farm is 33% rolling and 66% peat flats where, David with his love of machinery, has spent countless hours on drainage, cultivation, then crop to pasture, to ensure their young stock and herd are fed to their potential, but the farm can get very dry.

The Westell herd is always a pleasure to walk through for

MATINGS

Herd: AI only for 11 weeks.

Heifers: Majority were AI for first three weeks then run with recorded G3 profiled jersey bulls until December 22nd, 2022. A small group did not have the opportunity for AI and were run with the recorded G3 profiled Jersey bulls 10/10/22 - 22/12/22. All heifers were vetted in-calf on 17th January 2023 with vets giving their best calculation of stage of pregnancy. They are guaranteed in-calf at the date of sale but NOT guaranteed to have definitely held to AI mating. The expected calving date as indicated by vets is recorded on the 3GP's.

BW'S

The 3GP's in this catalogue are based on Animal Evaluation figures and DO NOT include LIC genomics. The gBW visible on MINDA live may be different to the BW stated in this catalogue. Please ask if you wish to be informed of the gBW.

ACKNOWLEDGEMENTS

We would like to thank all the people that have helped us on our journey at Westell. Our family of Tarn, Matt & Rochelle, and the support of our amazing parents Ken & Betty Baker and Graham & Dorothy Harker. Also special thanks to Lesley Shannon and her daughter Lauren. Lesley is responsible for all our young stock and does an amazing job. We would also like to acknowledge Jay Seebeck and Brad Seager who know our cows better than we do! And lastly thanks to all those who are part of the Breed Societies (we belong to four!) I would encourage all purchasers of pedigree animals to be involved with the Breed Societies. They are such a great source of information and support.

temperament and with the combination of genetics used there are many standout individuals both for index and type.

All cows and most heifers carry an exciting array of varied and valuable AI matings which Wendy spends a lot of time each year deciding on. The use of selected sexed semen obviously brings another dimension to this catalogue and this springs calving.

Farmers looking for cows, heifers or calves and enjoy milking quality open framed cattle should undoubtedly mark the 14 April 2023 and 27 April 2023 in their calendars as the place to be to purchase into strong maternal family lines sired by the best bulls sourced both from NZ and internationally that have ticked the Westell breeding policy.

I know it will be difficult days for David and Wendy when their animals go under the hammer, but no doubt they will follow with interest their progress in their new herds.

Unfortunately Sami got mastitis in spring and has ended up with a light quarter. She has given us a heifer calf every year. A very special cow that has given us a lot of fun in the showing.

OSH

Every effort will be taken by the Vendors, Auctioneers, their staff and assistants, both on the day of the sale as well as on any other visits of inspection to ensure the safety of intending buyers and visitors.

However, we advise that this is an operating dairy farm run under normal management conditions and certain dangers exist in relation to livestock and their environment.

Visitors should take all care to ensure their personal safety.

DISCLAIMER

All details and descriptions as to stock referred to in this catalogue or otherwise provided by the auctioneer or any other company employee or agent ("sales information") have been supplied by the Seller and have not been independently verified by the selling companies. The selling companies, their employees and agents make no representations or warranties or acknowledgement of any kind whatsoever in relation to any part of the sales information (including, but not limited to the accuracy or completeness of details and descriptions of stock and other contents).

Buyers, advisers and all other persons viewing or dealing with the stock must make their own assessment and judgement on the stock and sales information.

The selling companies, its employees and agents are not responsible or liable in any way whatsoever, whether in contract, tort (including negligence), or otherwise, to any person for any loss or damage whatsoever arising directly or indirectly from any information or representation included in or omitted from.

ATTENTION

Under the Health and Safety at Work Act 2015, we wish to bring to your attention your responsibilities while attending this on-farm sale. You are in a multi-hazard area and are requested to observe the following rules:

- All children under the age of 16 must be accompanied and under the supervision of an adult
- You are not to enter any yards, pens or races where stock are being moved or held
- Keep to the walkways or within the flagged areas provided
- Report any accident to the site office
- If you see anything unsafe, report it to the site office
- Follow the directions of the Auctioneer and selling Companies at all times.

The auctioneer has overall control of this site, and will ask you to leave if the above rules are not followed.
