Livestock NZ:

Brad Devlin: 027 498 1203

Offering

11 In-milk cows

7 Spring calving cows

38 In-calf heifers

Predominantly Holstein Friesian with a selection of Ayrshire and Jersey.

Heifers run with bull Information

Artificially inseminated in-calf heifers have followed with DNA profiled bulls. Those not artificially inseminated have been pastured with DNA profiled bulls - Holstein Friesian, Jersey or Hereford from 4/10/2024 and out 10/01/2025.

Lepto Vaccinated • BVD Negative • TB C10 • No known Johnes

Printed catalogues will be available on sale day.

Conditions of Sale

In accordance with the NZ Stock & Station Association Auction Terms and Conditions, the following general conditions apply to this auction where applicable.

The following special conditions apply to this sale where applicable:

FEMALE GUARANTEES:

1. Every female shown as bred on a certain date, except any which may have been served within six weeks of sale, is guaranteed in-calf. This guarantee expires 28 days from the sale date.
2. Where a sale catalogue specifies a calving date and the resultant calf is not acceptable for registration by the MINDA service of the Livestock Improvement Corporation (LIC) or by the relevant Breed Society because the calf is born eleven days or more either side of the specified calving date and the paternity is not able to be verified the seller shall refund 25% of the purchase price plus GST direct to the buyer.
3. This clause 2 does not apply if the sale catalogue states that a bull was pastured after AB ceased.
4. Where a veterinary certificate is supplied at the date of sale certifying the female as being in-calf, no further liability will fall on the seller subject to liability under the other clauses contained in the Conditions of Sale. The buyer has the right to retest at their own expense before delivery is made from the place of sale. Where a female is offered for sale as being in-calf, without a supporting veterinary certificate and the female is subsequently proved to be empty, the buyer has the right to return the female or carry out such disposal as the seller may instruct and the seller will refund direct to the buyer the purchase price plus the return transport costs.
5. Cows sold as not in-calf at the time of sale, shall be sold with a guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the cow fail to produce a calf by the 31 December 2026, the seller shall refund in full the purchase price direct to the buyer.

6. Yearling heifers sold as unmated are sold with the guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the heifer fail to produce a calf by the 31 December 2026, the seller shall refund in full the purchase price direct to the buyer.
7. Where females are sold as not in calf, (including yearlings and calves), are flushed for embryo transfer, either with or without success, all guarantees to breed become null and void.
8. Where any female sold as being in-calf proves to be carrying a mummified calf, no liability will fall on the seller.
9. Any animal which is sold as in-calf but subsequently aborts the fetus after delivery is the responsibility of the buyer and no liability will fall on the seller.
10. Any claim to the auctioneers must be accompanied by a veterinary certificate.

GENERAL CONDITIONS:

DELIVERY: Each lot shall, immediately on the fall of the hammer, be at the risk of the buyer.

INSURANCE: If transit or annual insurance is required, such cover can be arranged through the auctioneers.

INSTRUCTIONS: Buyers must sign dockets before leaving the sale and leave full delivery instructions.

TRANSFERS: Sellers are responsible for the completion of transfers. No buyers shall be entitled to withhold payments for stock pending delivery by the seller of the relevant breed society transfer certificate or LIC Animal Location Transfer Certificate.

PAYMENT TERMS: Payment 14 days after date of sale.

PGW's Terms of Sale apply to this sale. When proceeds are credited or a purchase is debited to a PGW monthly credit account, then PGW's Monthly Account Terms of Trade (as amended from time to time) apply to the extent deemed relevant by PGW.

Payment terms available - contact Andrew Reyland or David Fullerton for details.

Vendor's Foreword

Welcome to the special sale brought about from the retirement and ill health of Les Gale (Zenith Holstein Friesians) and the wish of another partner Andrew Dreadon to put more time and effort into his daughter Lilly and business venture in Whitianga.

With that said and a wonderful run of heifers at Waipiri, gives us the opportunity to offer some outstanding young cows and just a tremendously good and even line of 'Close to Profit' in-calf heifers.

We couldn't be more happy with everything that 'Waipiri' is about – big production, especially protein, is the theme throughout the catalogue.

Many of the great sires throughout the world will be represented with the opportunity to secure Sidekick, Lambda, Parfect, Finn and Einstein daughters.

Waipiri has been the highest yielding herd in NZ four times and one of the early users of genomic data.

Thank you Les Gale and Andrew Dreadon – you have been wonderful partners in many cattle over the years and we sincerely thank you for that.

Come along to Morrinsville selling arena and have a look at these deep pedigreed, extreme production young Holsteins, plus a few Ayrshire and Jersey lots.

Best wishes,

David, Pip, Alex & Dean Fullerton

Auctioneer's Foreword

PGG Wrightson in conjunction with Les Gale and Waipiri Holsteins are proud to present this selection of spring calving and in-milk cows and in-calf heifers. Les Gale has had animals farmed at David and Philippa Fullerton for over 15 years, now due to ill health Les has decided to offer for sale all of these animals. Plus there is a top selection from Waipiri as well as a few partnership animals from Andrew Dreadon on offer.

Waipiri is a name synonymous with dairy type, breeding and production. Prospective purchasers can have the opportunity to purchase animals from this renowned herd. World class sires and strong cow families exhibiting high production with top end functional traits.

Notes

A large, empty white rectangular box occupies the majority of the page, intended for handwritten notes. The box is perfectly rectangular and has a clean, white surface. It is centered horizontally and vertically on the page. The background of the entire page is a textured, golden-yellow color, resembling aged paper or parchment. The word "Notes" is written in a black, cursive-style font at the top center of the page, just above the white box.
