Friday 31 October 2025 at 7:00pm
at Waikato A&P Show, Claudelands, Hamilton

Foreword

This year brings up the ninth edition of the "Next Generation Sale" and it's proving as popular as ever.

Once again we thank the vendors for submitting quality calves that not only have great potential in the show ring but are from strong cow families that will breed on for future generations.

The standard of pedigrees this year is stronger than ever with some overseas families included.

We wish the buyers every success with their choices.

The future is yours.

Well, Pace has certainly set the Genomic race to a new level. All round the world Pace daughters are setting new standards. We love our strong willed, easy to rear Pace calves. This individual has a lovely uphill run to her and would be easy to show as well. As you can see, the Betty family is quite unique. Lebron Betty, a super uddered first calver. 2nd dam, Doorman Betty is a consistent performer in the Waikato HFNZ/Semex On-Farm Competition and a cow that has been suggested already as a possible panel cow (cow's above EX92 points). The next dam, an EX3 cow by Donor and one of the highest lifetime performers in NZ. Do your homework on this lovely Pace calf. She won't disappoint!
