

SUMMER SENSATION

ALL BREEDS
SALE 2026

NZ DAIRYEVENT, MANFEILD PARK, FEILDING
7PM, MONDAY 26TH JANUARY 2026

This sale will be hosted by bidr® (bidr.co.nz) as a HYBRID ON-FARM auction, with online bidding and a live-stream available for online purchasers.

All intending online purchasers must register with bidr® using an account held with one of the bidr® partner agencies in advance of the sale date.

The bidr® team is available to assist intending purchasers with signing up and registering – please call 0800 TO BIDR (0800 86 2437), or email enquiries@bidr.co.nz for assistance at any point.

Alternatively, contact your local bidr® representative:

FOREWORD

PGG Wrightson's are excited to be involved with the NZ DairyEvent sale and certainly the quality of animals presented in this catalogue each year continues to grow.

With the event now in its 16th year, this DairyEvent sale has given so many people the opportunity to purchase animals of deep pedigree from outstanding cow families across all breeds.

The stock on offer in this catalogue follows those lines, standout individuals for index and type, from exceptional herds many using sexed semen and ET programs sired by elite proven bulls and also the highest new genomic bulls hitting the market. This all means there's been tremendous thought and consideration into every animal on offer.

If your passion is owning, breeding and farming elite genetics or you have an eye for another great cow family for your herd then

here's your opportunity, an elite selection of Holstein Friesian, Jersey, Ayrshire, Milking Shorthorn and Brown Swiss.

Breeders and enthusiasts from all breeds will find an animal in this catalogue that will meet your requirements and have influence on your stud. We wish everyone success in advance to vendors and purchasers with the sale and hope to see some of these animals or the offspring of these animals out on farm and perhaps in the showing around the country in the future.

PGG Wrightson wishes all exhibitors at the NZ DairyEvent the best of luck and congratulates the Committee for the success of this wonderful event.

PGG Wrightson

Thank you everyone for your attendance.

The NZ DairyEvent Committee wish buyers all the best with their purchases.

Please remember to sign the docket, arrange insurance and transport (if needed).

**This catalogue was designed by
Holstein Friesian New Zealand.**

CONDITIONS OF SALE

In accordance with the NZ Stock & Station Association Auction Terms and Conditions, the following general conditions apply to this auction where applicable.

The following special conditions apply to this sale where applicable:

FEMALE GUARANTEES:

1. Every female shown as bred on a certain date, except any which may have been served within six weeks of sale, is guaranteed in-calf. This guarantee expires 28 days from the sale date.
2. Where a sale catalogue specifies a calving date and the resultant calf is not acceptable for registration by the MINDA service of the Livestock Improvement Corporation (LIC) or by the relevant Breed Society because the calf is born eleven days or more either side of the specified calving date and the paternity is not able to be verified the seller shall refund 25% of the purchase price plus GST direct to the buyer.
3. This clause 2 does not apply if the sale catalogue states that a bull was pastured after AB ceased.
4. Where a veterinary certificate is supplied at the date of sale certifying the female as being in-calf, no further liability will fall on the seller subject to liability under the other clauses contained in the Conditions of Sale. The buyer has the right to retest at their own expense before delivery is made from the place of sale. Where a female is offered for sale as being in-calf, without a supporting veterinary certificate and the female is subsequently proved to be empty, the buyer has the right to return the female or carry out such disposal as the seller may instruct and the seller will refund direct to the buyer the purchase price plus the return transport costs.
5. Cows sold as not in-calf at the time of sale, shall be sold with a guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the cow fail to produce a calf by the 31 December 2026, the seller shall refund in full the purchase price direct to the buyer.
6. Yearling heifers sold as unmated are sold with the guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the heifer fail to produce a calf by the 31 December 2026, the seller shall refund in full the purchase price direct to the buyer.
7. Where females are sold as not in calf, (including yearlings and calves), are flushed for embryo transfer, either with or without success, all guarantees to breed become null and void.
8. Where any female sold as being in-calf proves to be carrying a mummified calf, no liability will fall on the seller.
9. Any animal which is sold as in-calf but subsequently aborts the fetus after delivery is the responsibility of the buyer and no liability will fall on the seller.
10. Any claim to the auctioneers must be accompanied by a veterinary certificate.

GENERAL CONDITIONS:

DELIVERY: Each lot shall, immediately on the fall of the hammer, be at the risk of the buyer.

INSURANCE: If transit or annual insurance is required, such cover can be arranged through the auctioneers.

INSTRUCTIONS: Buyers must sign dockets before leaving the sale and leave full delivery instructions.

TRANSFERS: Sellers are responsible for the completion of transfers. No buyers shall be entitled to withhold payments for stock pending delivery by the seller of the relevant breed society transfer certificate or LIC Animal Location Transfer Certificate.

PAYMENT TERMS: Payment 14 days after date of sale.

PGW's Terms of Sale apply to this sale. When proceeds are credited or a purchase is debited to a PGW monthly credit account, then PGW's Monthly Account Terms of Trade (as amended from time to time) apply to the extent deemed relevant by PGW.

This was a very hard decision to put Sheba in a sale, she is firm favourite in our heifer mob for her looks and nature.

Three out of four dams behind her have classified EX including Premier Gentle Sheba EX8-9 and Premier Bendig Sheba EX9-9. With that family behind her and her sire by Rubicom, we are certain she will turn into something special.

In-calf to our bull Mossy Notorious. He is backed by four consecutive generations of EX dams.

A pedigree that meets all the criteria of greatness all round the world. Great Grandam Damian Camomile EX95 the All American & All Canadian star from a decade ago. Dam's full sister is our rising star and Reserve Champion at Waikato in November 2025, now EX94. One of Hulu's oldest daughters and she is outstanding. Show potential written all over her. Outstanding opportunity and we all know how the Waipiri cattle perform outside "Waipiri". We will have a moderate reserve on this very rare Hulu daughter.

After securing Westell Rager Spirit-Red VG86 at the 2023 NZ DairyEvent sale, we thought it fitting to offer up the opportunity to purchase her very stylish daughter in the 2026 sale.

Sprinter's dam and grandam (Westell Arc Sally-Red VG88) have both had success in the show ring.

Has scanned in-calf to sexed Etowah-Red, due 15/07/2026.

This calf has so much strength and power, exactly what Mercy was meant to do! The Tatoo dam of this calf has classified VG85 as a 2 year old, and has a beautiful udder texture and teat placement. The Grandam is Carse-O-Fern BS Dianna VG87, a cow that many have seen around. If you want a foundation family as a young breeder I believe this is a good start!

The cow family that never seems to disappoint. A sire line-up to dream about but the Lambda is the one for sale. And Lambda has evolved into the most loved sire globally. The Souls have excelled in the genomic era stronger than we could have hoped for. People constantly ask me what is the best cow I have ever milked. That's a tough one but for sure the super-sized, great uddered Oman Soul was certainly one of them. In our view she was a high EX. Cow. Ladies and gentleman, you want to get into the real Holstein world. This Lambda from the Souls will get you there and quickly.

Elevate your marketing with Dairying by Design NZ

What separates the best from the rest in marketing is marketing with extreme knowledge.

Dairying by Design NZ's (DDNZ) team has worked as often with the top-end of the registered dairy industry as it has with outstanding commercial producers.

It understands cows and the impact that a compelling photo paired with relevant text can have in channeling conversations. It is committed to pursuing the "right way" to showcase our industry.

Let us help...

We'd love for you to tap into DDNZ's experience and knowledge to leverage your message.

Because, just like your farm and/or your agribusiness, the DDNZ team takes intense pride in everything it does.

The difference you're seeing in DDNZ's finished product is passion at work...why don't you join us?

Are you planning a new dairy shed build or any build on-farm that could inspire others?

We'd love to showcase it on completion.

Please touch base with us.

We really like this calf and think she has a lot of potential, she has alot of style and presence about her.

Four out of five dams behind her have classified EX.

She will definitely be hard to part with but we are sure someone will have a lot of fun with this calf in the future.

The Jill family speaks for itself. A full excellent pedigree, with production to match. Havenofear daughters are coming up all around the world and I have no doubt that this heifer will too. Her maternal sister Carse-O-Fern Hotline Jill VG89 max has been out around the show ring. A good family to bet on.

This calf comes from the best of the Sarsha line. Brookview Lots Sarsha E8-9 went to NZ DairyEvent from a yearling to a 8-year-old cow and never finished below 2nd in her class.

Was Intermediate Champion as a 3-year-old. Brookview Marcs Sarsha (pictured) is a maternal sister to the grandam of this stylish calf.
