Outstanding offering of production bred sires comprising:

- | | |
|-----|---|
| 33 | Yearling Holstein Friesian bulls |
| 54 | 18 month & two-year-old Holstein Friesian bulls |
| 87 | Head |
| 209 | Semen straws |

BW to 433

MS to 954

All bulls

- meet TB requirements
- have been tested/vaccinated for BVD
- will be tagged per NAIT requirement

Conditions of Sale

All bulls sold subject to the NZ Stock and Station Agents Conditions of Sale as posted in the Sales Pavilion.

EVERY BULL A GUARANTEED BREEDER: The entry of any bull in this catalogue constitutes a guarantee by the Vendor that the purchase price without interest expenses, costs or damages shall be refunded if a bull proves totally infertile of service. If any bull entered does not possess a reasonable fertility, although not totally infertile, any dispute shall be settled by an arbitrator appointed by the Auctioneers.

Any complaint must be lodged with the Auctioneers by the 31st December 2026. The costs of taking delivery of and returning the bull to the vendor to be borne by the Purchaser. A Veterinary surgeon's Certificate shall be produced by the Purchaser when required the costs thereof to be borne by the Purchaser.

DELIVERY: All purchases, as is customary, will be at BUYERS RISK FROM FALL OF THE HAMMER.

INSURANCE: If Transit, or Annual Insurance is required, such cover can be arranged through the Auctioneers on application.

INSTRUCTIONS: Purchasers are asked to sign dockets before leaving the sale and to leave full and explicit transport instruction.

TRANSFERS: Vendors are responsible for completion of transfers. No purchaser shall be entitled to withhold payment for pedigree stock

pending execution of delivery by the vendor of the same.

COMMISSIONS: If it is not possible to be present, the Company's Stud Stock specialists who are thoroughly conversant with the offering, will be glad to make selections upon specified lots according to instructions.

CATTLE FOR EXPORT: All pedigree Stock sold for export are to be inspected by Official inspectors of the Breed Society concerned prior to Export Certificates being granted for such stock.

NOTE: The Vendors assume responsibility for the customary 15% commission chargeable on all stock sold for export.

All bulls which are sons of LIC bulls are sold on condition semen is not collected from these animals and that the purchaser will comply with clause 62 of LIC's service rules.

LIC approves the use of the bulls for natural mating.

If the purchaser does wish to use the bull for commercial AB collection, an agreement must first be reached with the General Manager of Genetics at LIC.

NAIT: All purchasers must supply their NAIT numbers at the time of registering to purchase.

3GP Disclaimer

LIC is currently working to resolve issues affecting the display of classification information on three generation pedigree reports. This includes missing classification scores on the fourth generation. LIC has given permission for Holstein Friesian New Zealand to manually add this information. Every effort has been made to ensure the information provided is accurate.

**This catalogue was designed by
Holstein Friesian New Zealand.**

Foreword

A fantastic line-up of exceptionally well-bred Holstein Friesian bulls that can be used with confidence in your mating program. Most are G3 profiled so their offspring can be fully recorded as replacement heifers. Whether you are looking for bulls from high BW - NZ bred cow families that have supplied numerous sons to AI - or overseas genetics that have proven conformation and production traits needed in a higher input system, you won't be disappointed when you look through this catalogue. Bulls are predominately owner bred/reared and will come forward in excellent order. These bulls give

you different options at mating time and would be great running with a non-cycling herd and condensing the calving pattern.

Purchaser's please be aware that the BW you see on the 3GPs, generated by NZAEL, can be significantly different to the ones generated by LIC/MINDA. Buyer discretion is advised.

PGG Wrightson

Lots 76, 77, 78, 80, 82, 83 and 84: This year will be the first time genetics directly from Meander Holsteins (R & A Bruin) are for sale in the North Island. Cloverlea has calved and purchased these bulls as part of the ET work they complete in house on behalf of Meander Holsteins, a well-known Southland breeder.

This is a great opportunity to buy bulls some of which have direct roots back to the famous Meander FMI April S2F EX, who has been inducted into the LIC Hall of Fame for her immense contribution to LIC's breeding goals, and remains in milk at Meander Holsteins in Southland still performing strong.

Very correct bull with exceptional feet and legs. Holysmokes is doing a tremendous job in many countries around the world, and Unix Alana EX92 has been shown and consistently placed in the Waikato top 6 in the HFNZ Semex On-Farm Competition. From a terrific cow family and full International Cow Family.

OSH

Every effort will be taken by the Vendors, Auctioneers, their staff and assistants, both on the day of the sale as well as on any other visits of inspection to ensure the safety of intending buyers and visitors.

However, we advise that this is an operating dairy farm run under normal management conditions and certain dangers exist in relation to livestock and their environment.

Visitors should take all care to ensure their personal safety.

DISCLAIMER

All details and descriptions as to stock referred to in this catalogue or otherwise provided by the auctioneer or any other company employee or agent ("sales information") have been supplied by the Seller and have not been independently verified by the selling companies. The selling companies, their employees and agents make no representations or warranties or acknowledgement of any kind whatsoever in relation to any part of the sales information (including, but not limited to the accuracy or completeness of details and descriptions of stock and other contents).

Buyers, advisers and all other persons viewing or dealing with the stock must make their own assessment and judgement on the stock and sales information.

The selling companies, its employees and agents are not

responsible or liable in any way whatsoever, whether in contract, tort (including negligence), or otherwise, to any person for any loss or damage whatsoever arising directly or indirectly from any information or representation included in or omitted from.

ATTENTION

Under the Health and Safety at Work Act 2015, we wish to bring to your attention your responsibilities while attending this on-farm sale. You are in a multi-hazard area and are requested to observe the following rules:

- All children under the age of 16 must be accompanied and under the supervision of an adult
- You are not to enter any yards, pens or races where stock are being moved or held
- Keep to the walkways or within the flagged areas provided
- Report any accident to the site office
- If you see anything unsafe, report it to the site office
- Follow the directions of the Auctioneer and selling Companies at all times.

The auctioneer has overall control of this site, and will ask you to leave if the above rules are not followed.

By Pace. How good are they. Made for the modern dairyman, strong with good feet and legs and the style of his sire, Conway. It's no secret he is one of the most sought after sires in the world. The "Spotty" family was developed by Henk Smit and they always deliver. From an EX91 with well over 800kgMS the past few years. Kian Spotty was a long lasting, high lifetime producer. Registration pending DNA.

A1A2. One of the best bulls we've had the opportunity to put forward for auction. Lambda x Renegade EX90 93MS x S-S-I Doc Have Not 8783-ET EX92 x 10 more generations VG/ EX. From the same family as the hot sire Mr Ernest Anthony Havenofear. Have Love's full sister was sold at our recent 'Land at Lawwal' sale for \$17,000. She has since calved in for her new owners and is showing plenty of potential. This fella has a pedigree and presence to match.

A2A2. Bella has been an incredible investment for us, producing progeny that consistently rank among the highest in the world for type. This Hulu son is no exception - he is +2.83 PTAT, is a Red Carrier, and is backed by 11 generations of VG/EX. A Jinx son from the Bella family is heading to Showbox Sires in 2027 - this family has an exciting future.

A2A2. Another impressive son from the Bella family, this time sired by the popular Anahita. This bull attracted attention from overseas AI companies as a young sire. While we haven't had the greatest success flushing Bella, the progeny she has produced have consistently been of exceptional quality. A strongly built, powerful bull - one we expect will produce great calves and leave his mark in any herd. Check out the genomic proof on this guy.

A2A2. A stylish Bullseye son from the Black Diamond family. Unfortunately we lost his dam earlier this year without a chance of being reclassified. Rare opportunity to tap into this family in NZ.

This dam is our oldest current LIC contract cow, one of my favourite cows in the herd. Medium sized Friesian with great capacity, problem free and loves to work.

By Chief from a Solomon. So, a very appealing nice natured youngster. Solomon Millie EX92 a wonderful producer, back to a Waipiri favourite, Oman Millie. Nice bulls.
Registration pending DNA.

Just awaiting DNA results as to either Lambda or Pace mating. Born between dates, but Kingboy Hocky has been an absolute treasure. Calves July every year, never been treated for anything and looks great all year round. Add to that a Mogul further back in the pedigree. Nice stylish bull. Registration pending DNA.

A2A2. Another son by the popular sire Anahita, from our Spencer family that's been the cornerstone of our breeding program. His impressive genomics are LPI 3283, Conformation 10 and Mammary System 10.

A1A1. Einstein Minty was sold in our recent 'Land at Lawwal' sale and was, at the time, ranked #3 among the highest PW Einstein daughters in New Zealand. She also ranked in the top 1% of all 2022-born females for Fat BV, Protein BV and Udder Overall BV. Minty produced an outstanding 914kg of milk solids in 280 days in her second lactation, with 4.17% protein and 5.36% fat. One of the best-indexed bulls we've had the opportunity to offer for sale.
